THE SILAS DEANE HOUSE (1766)

This two-story gable roofed house was built about 1770 for Silas Deane, a lawyer and Wethersfield's representative to the Connecticut Colonial Assembly. The house, which includes a large entrance hall, dining room and kitchen, as well as a chamber that could be used for dancing, was custom-built for entertaining. During the Revolution, Silas Deane was appointed to serve in several high positions and is credited with notable accomplishments here and abroad but not without controversy.

THE ISAAC STEVENS HOUSE (1789)

This two-story center hall house was built for leatherworker, Isaac Stevens, who married Sarah Wright in 1789. They did not have servants. The family furnishings that came with the house provide the setting for an early 19th century interpretation of family life, including exhibits and discussion of the woman's role as mother, nurse, cook, and housekeeper. The toy exhibit is a popular highlight.

THE JOSEPH WEBB HOUSE (1752)

Judah Wright framed this three and one half story, gambrel-roofed house for merchant Joseph Webb and his wife Mehitable Nott in 1752. When Joseph died in 1761, there were six children. The oldest son, Joseph, Jr., who inherited the house, married Abigail Chester in 1774. The house served as the American headquarters during a strategic meeting in May 1781 between General George Washington and the Comte de Rochambeau. Their joint military campaign culminated in a decisive victory at Yorktown, Virginia that year.

2009-2010 Historian's Report

The National Society of the Colonial Dames of America in the State of Connecticut sends cordial greetings to the officers of the National Society and to members of State Societies, with grateful acknowledgement of the invitations, reports and newsletters received.

Under the continuing, and very capable, leadership of President Torrey Cooke and the Board of Managers, the Connecticut Dames made the most of their resources during this banner year. Because of a difficult national economy, efforts had begun the previous year to conserve finances and to lower expectations as to those goals that could be achieved. With perseverance on the part of the Dames, and the un-wavering support of Museum Director Charles Lyle and his staff, strides were made on many fronts. Revenues from museum operations in 2009 were up significantly over 2008, as was museum attendance. The Washington Bedchamber was restored, down to the original faux cedar graining of the woodwork. Included in this project were new bed hangings, new upholstery on the wing and two side chairs, reproduction flocked wallpaper, and the installation of conservation LED lighting. The exterior siding of the Webb House was repaired, as necessary, and re-painted. Because there was not enough structural or documentary evidence to restore the House to its 1752 appearance, and National and State Historic Preservation Standards discourage hypothetical reconstruction, an 1832 drawing by John Barber was used as the basis for restoration. These undertakings required extensive research and were funded by monies from the Save America's Treasures grant and a matching grant from the Connecticut Commission on Culture and Tourism.

During the fall and winter, there were special events commemorating the holidays & those with Halloween related themes as well as the Christmas gala and festive holiday tours of the houses. In the spring, the second annual Revolutionary War encampment was held in May. Excellent publicity and word of mouth resulted in large numbers of participants for all events. It should be noted that there were special guests this year as well. The Walpole Society, consisting of 25 distinguished curators and collectors, visited in May as did over 100 members of the Society of the Cincinnati, along with a number of individuals from the Society's French division.

Development Committee Chair, Judy Rowley, spearheaded the Tags and Treasures sale this year. The final profit was estimated to be about \$13,500.00. Area luncheon meetings were organized to collect items for this bi-annual event. These luncheons also served as an opportunity for prospective new members to become acquainted with the Connecticut Dames. Membership Chair Marian Browning worked with Areas Chair Mary Russell in this effort. The Development Committee took on a further fund raising project in June, a tour of several of Farmington's most architecturally significant homes. The Farmington House Tour was a unique opportunity to visit these privately owned historic houses. The tour was quite successful, making a profit of \$2900. It is hoped that the Dames can sponsor similar such events in the future.

Despite the tremendous strides made under the auspices of the Property Committee this year, 2009-2010 may be remembered more as a year of loss than of triumph for this hardworking group. Its beloved Chair, Anne Crofoot Kuckro, died in March. Dame Judy Rowley gave the eulogy for Anne at a Memorial Service held in the Webb Barn on April 1st. In it she noted that "Throughout her illness these past two years Anne continued to be involved with the Museum - attending meetings, offering suggestions and ideas right up until five days before her death. Three words come to mind: Devoted, Steadfast and Heroic." In recognition of her many efforts on behalf of the Dames, Anne's name is being placed on the Connecticut Roll of Honor. Her wisdom, her vision and her leadership will be greatly missed.

Registrar Nancy MacColl reported that, as of June 1, 2010, membership in the Dames was 272. Added to the Register of Ancestors were as follows: Edward Culver, born 1653/54 in New London, Connecticut and died in 1732 in Litchfield, Connecticut; Ebenezer Warner, born 1755 in Waterbury, Connecticut; and John Willey, born in 1732 and died in 1805 in East Haddam, Connecticut. Several new members were added this year, while others are in the process of preparing and submitting applications. Katherine Holden sent a welcoming letter and information packet to each of the new members.

The incoming Chair of the Patriotic Services Committee, Penny Chittenden, reported that the Patriotic Services Scholarship had been awarded to Daniel Platt, a Masters Degree student at the University of Connecticut. The scholarship is in the amount of \$5000.

Away from Wethersfield, the Dames toured Hill-Stead Museum and gardens in September, the Stanton-Davis House in Stonington in April, and Philip Johnson's "Glass House" in June. A lecture and lunch is planned for October 2010 at the Florence Griswold Museum featuring Carol Huber, a well-known collector and curator of Colonial school girl embroidery.

In looking to the future, a woodland trail is being planned for the property behind the Webb-Deane-Stevens Houses. A Horticultural Designer has been consulted and funds are being raised for this effort. Dame Charbra Jestin has been working on the construction of a web site for the Dames. Those with computer access will be able to obtain numerous documents and information on-line. Those without computers will not be left out & the same information will be sent to them via the U.S. Postal Service.

As we look back on the year 2009-2010, we can be proud of what we achieved. We also owe our gratitude to Charles Lyle and his highly capable staff for their hard work. We can look forward to the challenges ahead knowing that there is a great deal we can, and will, continue to accomplish.

Respectfully submitted,
Marye T. Wagner, Historian

INFORMATION CONCERNING MEMBERSHIP IN THE NSCDA - CONNECTICUT

Proposal of New Members

To be eligible for membership in the Society, one must have a qualified ancestor who rendered service to the colonies before July 5, 1776. These colonies became the thirteen original States.

Candidates may be proposed and seconded by any two members of any State Society in the National Society of the Colonial Dames of America. Approval is subject to a vote by the Board of Managers of the NSCDA-CT. If a Board member proposes a candidate, she must excuse herself from the vote.

To propose a candidate:

Obtain a Proposal Form from the Registrar and complete it. Next return it to the Registrar with letters of recommendation from the Proposer and Secunder. If the candidate is a member of the Proposer's family, she is considered a Legacy and needs only a Proposer.

A non-refundable \$50.00 application fee is due with the application. This fee is deducted from the Initiation Fee upon completion of the Lineage Papers.

The Registrar will present the candidate's name to the Board at its next monthly meeting and the candidate will be voted on at the succeeding meeting. If approved, the Registrar will notify the candidate of her acceptance and that the verification process can begin. She will then be asked to write a letter of acceptance.

Once the nomination process is complete, the Registrar will request that the CT Genealogist send the nominee a package of material to document an eligible line. This includes a Proof of Eligibility worksheet, a detailed set of instructions, and financial agreements. The instructions will contain guidelines for levels of proof of lineage and numerous suggestions for sources of proof.

If the candidate has or had a relative in the NSCDA, she should provide those lineage papers, or the State and Membership number of the relative, to the Genealogist so that a determination can be made as to how much of the material in the relative's papers can be used for the current Proof of Eligibility.

When the candidate has completed the worksheet, it is sent with the supporting documents to the Genealogist, who will verify the line of descent. After the lineage papers have been completed, the Registrar will send a set of proofs to the candidate for her signature and a bill for the final amount due for the Initiation Fee. On their return the Registrar will present the Approved papers to the Board. The candidate will then receive a CT Membership Number and will officially be a Member of the National Society of the Colonial Dames of America in the State of Connecticut.

Courtesy Membership

A Dame residing in Connecticut who is a member in good standing of another Society may become a Courtesy member in the CT society. She must write to her state President requesting courtesy membership in the CT Society. Her President will then request the Connecticut President for this membership.

A Non-resident member of the Connecticut Society, who is in good standing may become a Courtesy member of the Society of the state in which she resides. Requests for Courtesy Membership should be made in writing to the President of the Connecticut Society, who will send a request to the President of the other State Society.

Associate States Members

Associate States members are NSCDA members living in states other than one of the 13 original Colonies or the District of Columbia. Their eligibility is through a qualifying ancestor of one of the 13 original Colonies. Associate States Members listed in the Directory have Connecticut ancestors.
